Industry Update – ██████████

An update on the generation industry was provided to the group.

- Last winter events.
- AEMO view of system security.
- Post Liddell Spot market.
- Lack of reserve.

Operational and Assets Overview – ██████████

Safety & Health

Advised the members of the following safety details.

- Details regarding recent LTI.
- Drop protection focus.
- Influenza vaccination program.
- Ongoing dust sampling.

Production

- Unit 5 is in service. YTD availability 56.74%
- Unit 6 is in service. YTD availability 98.41%

Coal Supplies

- Chain Valley mine deliveries via conveyor.
- Mandalong mine deliveries via conveyor.
- Minor volume via trucks.

Trucks

- Biomass deliveries are continuing.
- Vales Point Ash Dam deliveries vary due to the weather.

Projects

An overview and update on the planned projects for the power station was shared. Including details of the VP5 air heater basket replacement which took place during the Unit 5 major outage in March-May 2023, further details of the outage work scope were also shared.

Environmental Update – [REDACTED]

Community Enquiries

Outlined the environmental and land management issues which were raised in the last 3 months and confirmed that all community enquiries are investigated, and appropriate responses and actions are provided. Also confirmed the Delta Community Incident Information number (1800 115 277).

Ambient Air Monitoring

The new air quality monitoring station (AQMS) at Mannering Park has been installed. The station will monitor NOx, SO2, PM 2.5 particulates and meteorological conditions. AQMS was installed, operated, and maintained by a suitably qualified air specialist.

Ambient results from the new AQMS were shared with the group. This data is available on the Delta website.

Community Update – [REDACTED]

Community Sponsorship & Events

The members were given an overview of the recent sponsorship and donations. Including the Camp Quality Motocyc 2023.
